Journalism, like any profession, has its own language and specialist words which practitioners need to know. The following glossary contains more than 700 definitions of terms about journalism and the media - including new media - making it probably the biggest, most extensive journalism and media glossary available free online.. Spelling and punctuation of terms occasionally vary.

It takes only one experiment to disprove a theory. The climate models are predicting a global disaster, but the empirical evidence disagrees. The theory of catastrophic man-made global warming has been tested from many independent angles. The heat is missing from oceans; itâ€™s missing from the ...
