I know this question is old but I thought I would share this as I could not find anything similar. I wanted to create my views/models as normal using Razor and have them rendered as Pdfs.. This way I had control over the pdf presentation using standard html output rather than figuring out how to layout the document using iTextSharp.

In philosophy, being refers to the existence of a thing. Anything that exists has being. Ontology is the branch of philosophy that studies being. Being is a concept encompassing objective and subjective features of reality and existence. Anything that partakes in being is also called a "being", though often this usage is limited to entities that have subjectivity (as in the expression "human ...

Eternal return (also known as eternal recurrence) is a theory that the universe and all existence and energy has been recurring, and will continue to recur, in a self-similar form an infinite number of times across infinite time or space. The theory is found in Indian philosophy and in ancient Egypt and was subsequently taken up by the Pythagoreans and Stoics.

Immanuel Kant (1724–1804) is the central figure in modern philosophy. He synthesized early modern rationalism and empiricism, set the terms for much of nineteenth and twentieth century philosophy, and continues to exercise a significant influence today in metaphysics, epistemology, ethics, political philosophy, aesthetics, and other fields.
