Education in Mexico has a long history. The Royal and Pontifical University of Mexico was founded by royal decree in 1551, a few months after the National University of San Marcos in Lima. By comparison, Harvard College, the oldest in Anglo-America, was founded in 1636. Education in Mexico was until relatively recently largely confined to elite males and under the auspices of the Roman Catholic ...

The term educational technology refers to the use of technology in educational settings, whether it be elementary and secondary schools, colleges and universities, corporate training sites, or independent study at home. This discussion, however, will focus on educational technology in grades K-12. Educational technology has both general and specialized meanings.
